### Uses a Club on Robbers Who Attack Her Husband

New York, Dec. 20 .- Robbers, who truck down a watchman as they were looting a store in Oyster Bay today did not reckon with his wife, who was following them. As a consequence of the woman's interference, when the fight was over, one burglar was shot

Mrs. Richard Golden, wife of a Long Island railroad employe, was the hero ine of the affray. Golden started on a burglar hunt. His wife followed, car

"Hands up!" Golden yelled. The men obeyed, but as Golden approached one of the robbers felled him with a club and the three pounced upon him They had not seen the woman follow ng. She struck down two of the rol pers with her club and stunned a third man who was grabbling with Golden. Golden freed himself and fired at the half stunned man as he arose and turned to run. The robber fell with a bullet in his side. One of the others ecovered his senses and fled.

When Golden and other watchmen returned from a vain pursuit they found Mrs. Golden standing guard ove he upconscious man and threatening with her club the wounded burglar no was attempting to arise.

READING SAVES THE MARKET FROM A HEAVY DECLINE.

New York, Dec. 20 .- The majority of stocks started at prices higher today than yesterday, but there was a sprinkling of declines, the most notable being in American Sugar, which dropped 1 1-2. North American rose 2, Rock Island 1 1-8, Southern Pacific and National Lead 1.

In a few stocks there was strength, notably Reading, and Rock Island, in which the advance ran from 1 to 1 1-2. but there was continuous profit-taking at other points. U. S. Steel, Southern Pacific and Rock Island were sold steadily and there was a number of high-priced railroad stocks that ruled

under last week's prices.

The decline became general until checked by the renewed advance in Reading which gained 2 1-8. Bonds were irregular.

also a number of points of interest in They have relatives residing at Mesa, Arizona, but they did not confine their visit to that place. The weather in southern California and in parts of Arizona visited by them, was

quite chilly and they felt the need of an overcoat during the evening hours. Councilman Dana says that on the fourth of this month considerable snow fell at Mesa, the people there saying it was the first that had been seen within the last ten or fifteen years. It was quite a rare treat in that section and the people seemed be disappointed when it disappear

### QUESTION AS TO THE SALE OF PROPERTY FOR TAXES

The commissioners of Weber coun ty met in regular session at the cour house this morning and a full board was present. A communication was received from the attorney general of the state relative to the legal right of the commissioners to sell certain property for taxes at less than the amount due for taxes, costs and accrued interest. The attorney general held that, while the statute covering the matter was ambiguous to a certain extent, yet, in his judgment, the commissioners had a right to use their own judgment in disposing of the property involved.

County Attorney David Jensen held directly opposite, and the county auditor holds that, unless the property sold brings full value of taxes, costs and expenses, the state must lose its states a notice before any such de proportion of the amount due from The matter was not finally adjusted by the board at today's session.

The rest of the session was devoted to routine business.

# BANNOCK CAMP

C. A. Sprenger, for a number o years mining editor on the Denver Times, is here from Bannock, Nevada, with specimens of quartz in which the glitter of gold is strong enough to start a mining fever in any one who knows the meaning of such a display.

They have a "glory" hole in Bannock, owned by A. L. Mohler of the Union Pacific, where a ton of ore yields as high as \$150,000 in gold. West of this hole of fabulous riches has been opened a glory hallelujah hole, where miners are sacking \$5,000 re on the surface.

Mr. Sprenger has located several promising claims and will return to enjoy the boom which is coming in the spring.

Lately, placer gold has been discov

### If Demands for Increase Are Der ied--Will Affect Seventy-five Roads

Pittsburg, Pa., Dec. 20.-Trainmen to the number of 75,000 employed on about seventy-five railroads east of the Mississippi river, will today, officials of the Brotherhood of Railway Trainmen, with headquarters at Cleve-land, Ohio, formally notify the various divisions and railroads affected that a demand for an increase in wages amounting to from five per cen to forty per cent will be made on January 3. The agreement between mand as will be made can be pre sented. The trainmen will wait un

til January 20 for an answer from the

railroads, it is said According to W. G. Lee, president of the Brotherhood of Rallway Trainmen, who was in this city yesterday attending the initiation of a number of men into the local here, the chief demand to be made is that the wages of con ductors and their crews be standard ized, which will mean increases for the various branches of the trainmen of from five to forty per cent. A strike is not yet contemplated, said Mr. Lee, but he reiterated that the trainmen will insist that their de mands be granted.

Mr. Lee said the result of the re cent referendum vote of the eastern division of the brotherhood was canvassed at a meeting of the executive committee in Chicago on Saturday and that the result showed the men were almost unanimous in favor of present ing the demands and holding out for them until granted.

In answer to a question concerning the statement credited to some rail-road men that in order to raise the men's wages, freight rates would have to be advanced, Mr. Lee is said to have remarked that the railroads had been looking for some excuse to ad vance freight rates, but irrespective of such an advance, the men must bave the pay they earned, even if the com panies had to stop paying dividends.

There are 125,000 trainmen employ ed on the railroads affected

Pictures for Sheep Show-General

Manager Buckingham of the union stock yards of Omaha Nebraska has written a letter to the board of control of the National Wool Growers' convention, stating that "boys of the stockyards are coming to the conven-tion in a body," and that they have a set of very excellent films that they desire to show during the convention. A request is made in the letter that every possible effort be made to per-mit they to show the pictures. The pictures to be shown represent "A Day at the Stock Yards," "Frontier Days at Cheyenne" and "Livestock Industry in Argentina." It is planned have these pictures shown on canvas at the exposition building every day of the sheep show. Secretary Reynolds says it can be easily arranged for, and the seats next to the wall of the building, around the entire structure, will furnish ample room for
